FIGHT THE BITE

**Help reduce the MOSQUITO
population around your home and
property**

Reduce or eliminate ***ALL STANDING WATER & DEBRIS***

Change the water in bird baths regularly

Dispose of tin cans, plastic containers, ceramic pots or similar water holding containers

Drill holes in the bottom of recycling containers that are kept outdoors

Clean vegetation & debris from the edges of ponds

Remove all discarded tires on your property

Drain water from pool covers

Change any water bowls or buckets for outside animals daily

Turn over wading pools & wheel barrels when not in use

Use landscaping to eliminate stagnant water that collects on your property

Make sure rain gutters drain properly
Clean clogged gutters in the spring & fall
