Dear Ms. Goldstein

Please accept this statement that Fulton-Montgomery Community College has the requisite HEERF funding available and uncommitted to support the proposed COVID-related capital project request.

The campus senior leadership team has reviewed the proposed projects and determined that these projects are within the appropriate scope defined by New York State and the U.S. Department of Education. Further, we have deemed these projects to be priority in our institutional response to the current global pandemic.

Please let me know if you require any further information or clarification.

Sincerely,

Gregory Truckenmiller, Ph.D.
President
