Hello,

We delivered a set of plans to the Glen FD at 134 Auriesville Rd, Fultonville NY 12072 for the department's review and comment. I have been trying to reach Chief John Brisbane via telephone for the past couple weeks but have been unsuccessful. We have a Public Hearing for the project tomorrow evening at the Town of Glen Town Hall. Any comments you can provide prior to then would be greatly appreciated. The link below can be used to download a PDF of the plans to this email as well.

<https://borregosolar.box.com/s/l00kyq9ll4rc9u31p5con15o58n1o2zz>

The access road to the site will be 16' wide and asphalt paved off for the beginning section then compacted gravel afterward. We have submitted a PERM-33 to NYSDOT for review and will be meeting all of their requirements. as well. Please feel free to email or call me with any comments or questions.

Thanks,  
Greg
