Dear Lauren Haberland:

Thank you for requesting the comments of the Division for Historic Preservation of the Office of Parks, Recreation and Historic Preservation (OPRHP). We have reviewed the submitted materials in accordance with the New York State Historic Preservation Act of 1980 (section 14.09 of the New York Parks, Recreation and Historic Preservation Law). These comments are those of the Division for Historic Preservation and relate only to Historic/Cultural resources. They do not include potential environmental impacts to New York State Parkland that may be involved in or near your project. Such impacts must be considered as part of the environmental review of the project pursuant to the State Environmental Quality Review Act (New York Environmental Conservation Law Article 8) and its implementing regulations (6NYCRR Part 617).

The Archaeology Unit has reviewed the Phase I Archaeological Survey report entitled "Phase I Archeological Investigation, Glen Solar Project , New York State Bicycle Route 5S, Between County Routes 122 and 164, Town of Glen, Montgomery County, New York" prepared by Hartgen Archeological Associates, Inc. (May 2021, 21SR00297). No archaeological sites were identified by the survey and the SHPO concurs with the report recommendation that no additional archaeological work is necessary.

Please note that these comments pertain only to archaeological resources. Please continue to consult with Erin Czernecki in the Survey and National Register Unit at [Erin.Czernecki@parks.ny.gov](mailto:Erin.Czernecki@parks.ny.gov). If you have any questions, I can be reached at [Jessica.Schreyer@parks.ny.gov](mailto:Jessica.Schreyer@parks.ny.gov).

Sincerely,

Jessica Schreyer
