**RE: Final Notice of Intent to Undertake an Action within an Agricultural District, Borrego Solar Systems, 2621 State Highway 5s - Glen Solar Project in the Town of Glen, Montgomery County Agricultural District No. 3**

Dear Mr. Kelly:

I have determined that the enclosed Final Notice of Intent, filed with this Department by NYSERDA, for the advance of public funds for the construction of a 5.0 MW solar array, in the Town of Glen, located in Montgomery County Agricultural District No. 3, is complete.

Accordingly, pursuant to the Agriculture and Markets Law, Section 305(4), I am forwarding a copy of the Final Notice for your review and comment on the effect of the proposed action on state environmental plans policies and objectives.

Pursuant to Section 305(4), the statutory review period is forty-five (45) days. As such, I would appreciate your response by April 15, 2022. Should no response be received by this date, I will assume that you have found that the proposed action would not have an unreasonably adverse effect upon state environmental plans, policies and objectives.

Sincerely,

Andy Steiner  
Senior Environmental Analyst
